

Course duration

- 1 day

Course Benefits

- Learn how to share your finished project so it can be accessed by learners using desktop computers, laptops, tablets, and other mobile devices.
- Learn how to host your project on a web server, Learning Management System, YouTube, Vimeo, TechSmith's Screencast.com, and more.
- Learn how you can include recordings of existing PowerPoint presentations or software demonstrations created directly on your computer using the Camtasia Recorder.
- Learn to use the powerful Camtasia Editor to add animations, voiceover audio, graphics, music, annotations, closed captions, and quizzes to a project.

Available Delivery Methods

Public Class

Public expert-led online training from the convenience of your home, office or anywhere with an internet connection. Guaranteed to run .

Private Class

Private classes are delivered for groups at your offices or a location of your choice.
